MAINTAINING CURRENT SERVICE AND OPERATIONAL INFORMATION FOR PROPELLER AIRPLANES

TO

Cessna Distributors, Service Stations and CPC’s

MODELS AFFECTED

All Cessna Propeller airplanes manufactured since 1946.

DISCUSSION

The purpose of this Service Newsletter is to inform Cessna Customers of the various options available to assist them in maintaining the currency of publications utilized for maintenance and operation of Cessna Propeller airplanes.

In addition to this Service Newsletter, for detailed information on any of the publications and subscriptions available from Cessna, please refer to the current Cessna Propeller Aircraft Customer Care Supplies And Publications Catalog, visit the Cessna web site on the Internet at www.cessnasupport.com or contact Cessna Propeller Aircraft Customer Service at telephone number 316-517-5800 or fax number 316-517-7271.

NOTE: When calling or faxing Cessna Propeller Aircraft Customer Service, it is helpful to have the following information available: your name, company name and Service Station/customer code, if applicable, the airplane serial number, model year and a complete description of the issue you are inquiring about. Having this information available will assist in expediting the response time for your request.

AIRPLANE SERVICE/MAINTENANCE INFORMATION

Airplane Service/Maintenance Manuals, Illustrated Parts Catalogs, Wiring Diagram Manuals, Avionics Installations Service/Parts Manuals, Structural Repair Manuals and other miscellaneous Cessna manuals are updated through Revisions, Temporary Revisions, Service Bulletins or by replacement with a new publication. Publications that do not have all current revisions and temporary revisions incorporated are not up-to-date and are incomplete.

Subscription Packages with revision service for the publications listed above are available in both Aerofiche Subscriptions (Note 1) and CD-ROM/DVD Subscriptions (Note 2). Individual paper revisions of these manuals are not available with a subscription service.

Individual complete Service/Maintenance Manuals and Illustrated Parts Catalogs are available in paper and Aerofiche formats. Retail purchase of one of these publications through Cessna Propeller Aircraft Customer Service includes a one-year subscription to the Cessna Revision Status Checklist Subscription Program (Note 3) and Service Bulletin Subscription Program (Note 4).

Customers and mechanics interested in knowing what Service Bulletins have been issued that affect their specific serial number airplane can subscribe to the Service Bulletin Listing Program (Note 5).
AIRPLANE OPERATIONAL INFORMATION

Pilot's Operating Handbooks and Pilot's Checklists are updated through revisions. Current revision levels for the Pilot's Operating Handbooks, Flight Manuals and Pilot's Checklists can be determined by subscribing to the Revision Status Checklist Subscription Program (Note 3).

Owner Advisory Subscription (Note 6) provides the owner with one complimentary copy as applicable of a Pilot's Operating Handbook and/or Pilot's Checklist Revision for their specific serial number airplane as they are issued.

DESCRIPTIVE NOTES

NOTE 1: Aerofiche Subscriptions are available with several options based on the airplane year and model. Subscriptions including the respective Service Bulletins, are one year in length and renewal notices are sent prior to expiration of the subscription.

NOTE 2: CD-ROM/DVD Subscriptions are available in a variety of packages by airplane model. Service/Maintenance Manuals, Illustrated Parts Catalogs and Service Bulletins are covered and included in the revision service. Subscriptions are one year in length and renewal notices are sent prior to expiration of the subscription. Subscriptions grant time limited use of content and software for the subscription period only. The software will not be usable after the expiration of the subscription.

NOTE 3: Revision Status Checklist Subscription Program is a list issued quarterly that provides the status of the current publication part numbers and latest revision levels. The Revision Status Checklist Subscription also provides a list of current Temporary Revisions and date of the latest change. Subscriptions are one year in length and renewal notices are sent prior to expiration of the subscription.

NOTE 4: Service Bulletin Subscription Program provides a paper copy of each new Service Bulletin or Service Newsletter issued by Cessna during the one-year subscription period that is applicable to the airplane model specified and are mailed as they are issued. The Service Bulletin Listing Program can be purchased in combination with the Service Bulletin Subscription Program. Subscriptions are one year in length and renewal notices are sent prior to expiration of the subscription.

NOTE 5: Service Bulletin Listing Program provides a "customized" list of Service Bulletins and Service Information Letters issued by Cessna which are applicable to a specific airplane model and serial number. A review of this "customized" computer listing is a convenient time saving method of researching Cessna Propeller airplanes for compliance with Cessna Service Bulletins and Service Information Letters. Subscriptions are one year in length and renewal notices are sent prior to expiration of the subscription.

NOTE 6: Owner Advisory Subscription. Owner Advisories (OA) serve to notify Cessna owners (as defined below) to inform them about mandatory and/or beneficial airplane service requirements and product changes. An OA also provides owners with revisions to Pilots Operating Handbooks and Pilot's Checklists.

Page 2 March 20, 2006
For United States Cessna Airplane Owners: (A) OA’s are mailed automatically to an owner according to the latest airplane registration name and address that has been provided to the FAA by the owner. (B) If the owner of a new airplane that is under warranty requires a duplicate OA to be sent to an address that is different than the FAA airplane registration address, contact Propeller Aircraft Customer Service for details on obtaining a complimentary duplicate Owner Advisory subscription. (C) If the airplane is no longer in warranty and the owner desires to have a duplicate OA sent to an address that is different than the FAA airplane registration address, contact Propeller Aircraft Customer Service for details on obtaining a duplicate Owner Advisory subscription.

For International Cessna Airplane Owners: (A) For the owner of a new airplane that is under warranty, contact Propeller Aircraft Customer Service for details on obtaining a complimentary Owner Advisory subscription. (B) If the airplane is no longer in warranty, contact Propeller Aircraft Customer Service for details on obtaining an Owner Advisory subscription.
