Service Newsletter

January 17, 2000

SNL00-2

TITLE
SERVICE PUBLICATIONS TEMPORARY REVISION NUMBERING CHANGE

TO
Cessna Distributors, Service Stations and Cessna Pilot Centers

MODELS AFFECTED
All Cessna propeller model airplanes except for the 172R, 172S, 182S, 206H and T206H.

DISCUSSION
The purpose of this Service Newsletter is to announce changes for temporary revisions to the Illustrated Parts Catalogs, Service/Maintenance Manuals, Wiring Diagram Manuals, Avionic Installations Service/Parts Manuals, Structural Repair Manuals and other Miscellaneous Cessna Manuals. The change will affect only the Temporary Revision numbering convention to remove the -12 and -13 from the end of the Temporary Revision part number.

This change will begin with all applicable manual Temporary Revisions issued after January 1, 2000.

A. An example of Temporary Revision numbering for non-Air Transportation Association (ATA) formatted manuals:

Thru December 31, 1999
D971-3TR1-13
Starting January 1, 2000, the next sequential number would be
D971-3TR2

B. An example of Temporary Revision numbering reflecting the ATA formatted manuals:

Thru December 31, 1999
D2522-4TR5-2-13
Starting January 1, 2000, the next sequential number would be
D2522-4TR5-3
