DISCUSSION

The 1997 Cessna Customer Care Supplies and Publications Catalog is now available.

The new catalog is formatted into the following four sections:

- Cessna Subscription Order Forms
- Aircraft Maintenance/Operational Publications
- Service Information Summaries
- Supplier Maintenance and Parts Publications

All of the Aircraft Maintenance/Operational Publications are grouped together in 100 series, 200 series, 300 series, and 400 series airplane model groups. To provide a convenient means of locating catalog information, each model series grouping is identified in the catalog with page edge indexes.

Each model series grouping includes the following:

- Cessna Maintenance Manuals
- Parts Catalogs
- Avionics Publications
- Miscellaneous Cessna Maintenance Manuals and Parts Publications
- Aircraft Operational Publications
- Progressive Care & Continuous Inspection Program Materials
- Support Materials
- Warranty & Service Parts Supplies
- Technical Information Service Sales

For the new single engine piston 172R, 182S, 206H, and T206 model airplanes and the Propjet Caravan I, 208 and 208B model airplanes, a CD-ROM subscription program is available. Each CD will contain the current Maintenance Manual, Illustrated Parts Catalog, Wiring Diagram Manual, Structural Repair Manual, and applicable service bulletins issued to date. A new revised CD will be issued once every quarter (three months) with updated information. New/revised service bulletins that are released between CD issues will be provided in paper form until the next quarterly CD-ROM is issued.

To obtain satisfactory results, procedures specified in this publication must be accomplished in accordance with accepted methods and prevailing government regulations. The Cessna Aircraft Company cannot be responsible for the quality of work performed in accomplishing the requirements of this publication.
